

Participate in a Sandy Recovery Focus Group

The Sandy recovery research team from Rutgers University and NYU is recruiting young adults and teens, as well as parents, to join a single, 90-minute focus group exploring the long-term effects of Hurricane Sandy.

We are looking for people who...

- ▶ Are between the ages of 15-22 (one young adult per household);
- ▶ Were significantly affected by Hurricane Sandy;
- ▶ Lived in one of the following counties in New Jersey at the time of Sandy: Atlantic, Bergen, Cape May, Essex, Hudson, Middlesex, Monmouth, Ocean, or Union.

Focus Groups for Teens, Young Adults and Parents will be held throughout New Jersey through May 2017!

\$40 compensation per participant
